Thanksgiving Shopping

What You Need:

Pen and Paper (or a Tablet/Computer)

What To Do:

Let your child plan a Thanksgiving dinner and shop for all the ingredients.

List the dishes required for a complete dinner, including all ingredients, spices, etc.

Talk about whether it is more or less expensive to make each dish yourself or buy it at the store (such as a pie).

Guess how much each item costs and write it down.

Shop for each item at the grocery and compare prices.

Compare the prices on the receipt with the prices you wrote down before you went shopping.
